

HEAVY DUTY ROOT RAKE

- Case hardened pin bosses.
- Constructed from Canada and USA made T1 & AR400 Steel at all critical points.
- Material easily flows through shanks leaving smaller stones & debris in the ground.
- Thick shanks support themselves without gussets.
- Heavy Duty Rakes are not designed for extreme applications (eg. Deep penetration in hard ground, ripping out large stumps and rocks, etc.). Please inquire about our Severe Duty Root Rakes which are designed for these extreme applications.
